## Following LiveWorx 2018

### June 20-22, 2018

MBE
CAD
PLM
ECAD
FlexPLM
ALM
Illustrate
MPMLink

Time	Room 104ABC	Room 102AB	Room 103	Room 105	Room 107B	Room 109A
2:15 - 3:15 pm	General Session - Room 104ABC					
3:30 - 4:30 pm	Creo 4 for MBD Implementation Successes and Lessons Learned	Sheetmetal Creo 5	Change Management	Demo Vendor Portal functionality in current version v11 M030		
4:40 - 5:40 pm	Fully Annotated Versus Minimally Annotated MBD models - Open Discussion	ModelCHECK	ECAD Workgroup Manager New Integration Update	Demo of Eagle v11.1, including Costing and Sample PART ONE	ALM Member Briefs	Review interesting learnings from the conference

Time	Room 107B	Room 108	Room 106	Room 107A	Room 109B	Room 109A	Room 107C
8:00 - 10:00 am	Family Tables and the Model-Based Enterprise	Core TC General Session	PLM Updates from Working Groups	Upgrade Roundtable – Cairo etc...	12.0 and beyond	How are you using Creo Illustrate today?	MBD ROI Study for CMM Applications - Capvidia
10:10 - 11:10 am	What to consider when placing notes in a 3D model - B&W	Multi-CAD System Integration into PDM (Part 1)	Navigate Success Stories and Use Cases	Fox Release (Minor) December 2018, Giraffe (Major) June 2019	Customer Implementation Story - Volkswagen	Licensing and license management (11.1)	What's New in MPMLink - Version 11.1
11:20 - 12:20 pm	MBD Core Annotation Capabilities (Part 1)	Multi-CAD System Integration into PDM (Part 2)	Your PLM Roadmap	Cloud Roundtable – Wins and Opportunities	Agile Solution	IFX and Beyond! - Sigmaxim	MPMLink - Process Planning Improvements & Ideas
Lunch	Lunch Break						
1:30 - 2:30 pm	MBD Core Annotation Capabilities (Part 2)	Regression Testing [of Creo] as a Service	Engineer and Configure to Order	Working Groups - Session #1 ? What is the process?	Integrity Product Family Roadmaps	Windchill Infrastructure topics discussion	MPMLink - eBOM mBOM Transformation
2:40 - 4:40 pm	Model-Based Work Instructions Working Group	GD&T Advisor	Engineer and Configure to Order	Working Groups - Session #2	Adopting 12.0	Sheetmetal Future Enhancement Discussion	MPMLink for full digital manufacturing - MBDE and Control Characteristics
4:50 - 5:50 pm	Bill of Features	Symbol Editor Update	PartsLink Classification	Demo of Eagle v11.1, including Costing and Sample PART TWO	ILM: Expert UI with Java Client	Anark, Creo, and Windchill – Foundation for 3D MBE & Visual Collaboration for the Connected Enterprise & Supply Chain	MPMLink - General Session

Time	Room 107B	Room 108	Room 106	Room 107A	Room 109B	Room 109A	Room 107C
8:00 - 9:00 am	Review of Creo 4.0 updates to NIST PMI test models - ITI	Multi-Body (Part 1)	Automated Regression Testing Using Selenium - ArcherGrey	Other Technical Requirements needed when upgrade to v11, e.g. Java, Ai, etc...	ILM: Source:	Creo Illustrate – Ideas for enhancement/improvement? PART 1	Emerging technology (Low Code, Robotic Automation, AI)
9:10 - 11:10 am	MBD Functionality: Ideal Design Review	Multi-Body (Part 2)		Where does PTC see the Top 5 coming in future releases? What is process for future in PTC Community?	ILM: Integrations and Connections	Creo Illustrate – Ideas for enhancement/improvement? PART 2	MPMLink- Work Instructions and Integration to MES
11:20 - 12:20 pm	Managing Tolerance Variation in an MBD World - Sigmetrix	MBE Maturity Index	SWOT Analysis for your PLM Journey		ILM: Scalability, Performance, and Reliability	Metrics and Voice of customer review	Democratisation of automated Mechanical analysis enabled through PDMLink (ABAQUS, Ansys And MoldFlow)
Lunch	Lunch Break						
1:30 - 2:30 pm	MBE AND CAD WRAP-UP SESSION (aka MBE and Creo CAD Technical Committees - What's Next)	<b>PLEASE ATTEND THE JOINT CAD AND MODEL-BASED WRAP-UP - IN ROOM 107B</b>	PLM WRAP-UP SESSION	<b>PLEASE ATTEND THE PLM WRAP-UP SESSION IN ROOM 106</b>	ALM WRAP-UP SESSION		MANUFACTURING WRAP-UP SESSION
